

STAP 0033-89  
2 October 1989

NOTE FOR: [redacted]  
Chief, Administrative Law Division  
Office of General Counsel

FROM: [redacted]  
Executive Secretary, DCI's Science and Technology  
Advisory Panel

SUBJECT: Briefing for STAP Members [redacted]

1. This note follows up my telephone call inviting you to meet with the members of the DCI's Science and Technology Advisory Panel (STAP) during their triannual meeting on 25 October. As we discussed, I have blocked out 1300-1345 for your presentation; the group will be meeting at [redacted]

2. When the STAP Chairman asked me to arrange a session with OGC, he noted that the members' particular interests were in how current and proposed changes in ethics and defense procurement policy law and regulations would affect them. All members of the panel are private citizens and considered "consultants" to the Agency. I have attached for your information a typical member's contract. About a third of the [redacted] members have "without compensation" contracts; of the others, only [redacted] claim a consultant fee for their activities. I have also attached a copy of the Panel's resume, a brief statement of its duties and responsibilities, and a set of capsule biographies of the members. [redacted]

3. The Panel works on a wide variety of issues. Among the topics it has studied in recent years are [redacted]

[redacted] The Panel has also taken an interest in OSWR's effort to develop computer-aided analysis tools. Generally, the Panel responds to both broad and narrow questions from the DCI, DDCI, and senior Agency or Community managers. The members also provide individual advice on specific issues when requested. [redacted]

4. I hope this gives you some useful background. The Panel's members consider this a very important subject and are looking forward to meeting with you. If you have any questions or if I can be of any help before the 25th, please call me at [redacted]
